Grading Catalog

100 -90 : A

89.9 - 80 : B

79.9 - 70 : C

69.9 - 60 : D

59.9- 0 : F

- 60 % Assignments = 4 assignments 15% each
- 20% Midterm
- 20% Final
- Total 100 points

Late policy

- DO NOT WAIT FOR THE LAST MINUTE!
- For assignments, you can submit frequently to the system. Your last submission will be graded.
- There will be one day late duration for assignments. If you submit after 24 hours from the due date, you will lose 15% of your grade. After that duration, system will be closed.

Assignment submissions

- There is autograder for assignments so not following the guideline strictly will cost you points.
- Write comments in each java file you submit, including the header comments.

What if I can not upload assignment last minute?

- You would be uploading late.
- Do NOT wait for last minute. No excuses will be accepted for last minute submission.

How to study Java?

- After class, review the slides
- Write the code to the compiler (Please Do NOT copy paste)
 - Make some mistakes and see the errors
 - Try to add content from previous lecture
 - Try to create a question from the content
- If needed, check more content on internet, youtube

Internet and youtube for everyone

- You can find many Java related tutorials on youtube.
- Plagiarism is not allowed.
 - Assignments should be done individually
